

EdKonnnect Academy  
High Quality Online Tutoring

# Srinika Rajanikanth

## *TUTORING EXPERIENCE*

I have extensive experience with the SAT and the ACT, having scored in the 99<sup>th</sup> percentile of both tests. I hope to help students get the best scores they possibly can, through an approach that is strategy driven, and personalized to their strengths and potential areas of improvement.

I also have a lot of experience with teaching and mentoring middle and high school students, in academics and extracurricular pursuits. As a lead facilitator for NYU Abu Dhabi's Girls Education Network, I've worked on multiple teams and workshops. As a debating, public speaking and writing instructor for high school students, I've worked personally with many students to improve their communication skills.
